

Testimonials from the Woman's Club of Bakersfield - Juniorettes

My name is **Brooke Tallon**, and I am a Senior at Liberty High School. This is my first year as a Bakersfield Juniorette, and it has opened so many new doors for me. I have met the sweetest girls from all around Bakersfield, and I get to serve in our community alongside them! It's truly an honor to say that we have attended many amazing events for local foundations, churches, and more, making a difference in our community as a team.

To me being a Juniorette showcases the various kinds of love, compassion, empathy, and dedication to our community and all over Bakersfield. It opened my eyes to the different ways that people can help make the place we live a little bit better. Being a Juniorette is one of the things that I have done because it has shown me that things I do don't go unnoticed.-

Brooklyn Black

Hi, I'm **Gracie Grijalva**, the Vice president of the Juniorettes for 2024-2025! The Juniorettes are a group of girls that make you feel at home. A group of girls with the same mindset of helping the community and making people feel loved. These girls will push you to be your best self. I'm forever grateful for this opportunity to give back to the community I love so much, with girls that will always love and support me. We absolutely love going out and making our community stronger and the best it can be!

I am **Georgieanna Perez**, the Juniorettes of the Woman's Club of Bakersfield Representative. Being a part of the Juniorettes has been an incredibly rewarding experience. It has been amazing to work alongside a dedicated group of young women who are passionate about making a positive impact in our community. Throughout various events, we've not only helped those in need but also developed strong bonds among each other.

My name is **Lexy Franco**, and I recently joined the Juniorettes. The past two months have fulfilled lots of joy for me, as I take pride in serving my community, in addition to making new friends with the Juniorettes. I feel blessed to be a part of such an amazing group of girls, helping my city alongside them, filled with so much love! Whether it's early mornings, or late-night fun, being a part of this sisterhood has been an experience I will forever cherish and I look forward to continuing our work!

The Bakersfield Juniorettes has been an incredible opportunity for me to be involved and help serve in the Bakersfield community. I have been a Juniorette for about two years now and I can confidently say that it has made a huge impact on my life. Not only has this organization helped me obtain countless hours of community service, but it has also gifted me an amazing group of young ladies to become friends with. These girls have the most beautiful hearts to serve and are truly an inspiration, as well as a joy to serve next too. I'm so thankful for the Bakersfield Juniorettes and all they do; I can't wait to spend the rest of my high school career serving alongside them! - **Jynna Young**

The Junioresettes had a huge impact on my life, and still does! I was president of the Junioresettes for two years, my junior and senior year of high school, and now a current co advisor. Within that short amount of time, I made so many core memories with like-minded women, from all different areas of life. We came from different high schools; we all were different ages and had different hobbies. However, the one thing we all had in common was our love for serving our community and I feel like that is a true representation of the Junioresettes of the Woman's Club of Bakersfield. I am so thankful for my time as a Junioresette and wish it could have lasted longer but I am thankful for how it impacted my life and the communication and time management skills that I acquired during my time as a Junioresette!- **Kameron Wilson**
